

## Canadian League Against Epilepsy Call for Abstracts

Dear CLAE members and friends,

You are invited to submit an abstract for the CLAE Scientific Meeting to be held in Winnipeg, Manitoba from September 20-22, 2019.

**The deadline for submission is May 27, 2019.**

The CLAE Scientific Meeting poster session has traditionally been a program highlight. Participants are encouraged to submit their research covering a broad spectrum of topics including clinical, nursing, neuroimaging, neurophysiology, neuropsychology and basic science aspects of epilepsy.

### **Trainee Oral Abstract Presentation**

The top four abstracts submitted by a clinical or research trainee (clinical resident, graduate student or post-doctoral fellow) will be selected for oral presentation at a platform session.

### **Abstract Instructions**

- The maximum word count is 250 words, not including title, authors, affiliations and funding sources.
- Institutional information should be provided for all authors.
- Abstracts should be structured in five sections: Title, Rationale, Methods, Results, and Conclusions.
- No figures, tables and other illustrations can be submitted.
- Funding sources must be acknowledged at the end of the abstract.
- Abbreviations and references should be used sparingly.

The CLAE Education Committee will review all abstracts and send decision notifications the week of July 1, 2019.

Instructions for posters will be available on the CLAE Conference website in August 2019.

**Please click here to submit your abstracts electronically.**

The CLAE Educational Committee thanks you in advance for contributing to our national epilepsy community.

Sincerely,

Dr. Mark Keezer  
Director of Education, CLAE
